

# Impactful Scrum Masters

## Unlock the true potential of your Scrum Masters

Are your Scrum Masters struggling to ensure continuous improvement within the teams and throughout your organization? Our transformative 10-day engagement is tailor-made to elevate your Scrum Masters into impactful leaders, fostering continuous improvement across your organization.

### What you get

- **An evaluation** of your current Scrum Master practices
- **An education** of your Scrum Masters on how to foster continuous improvement within the teams, and across the wider organization
- **Clear guidance** on what to change and which problems to solve
- **On-the-job support** to help your Scrum Masters overcome challenges and put what they have learned into practice
- **Guidance for leaders and sponsors** on how they best enable their Scrum Masters to succeed and what they should expect from them.

### What we do

- **Aligning Expectations and Observation (1 Day)**  
Laying the groundwork for success, we start with understanding your unique challenges and observing your Scrum Masters in action. By gaining insights into your current challenges and practices, we tailor the upcoming workshop to address specific needs effectively.
- **Scrum Master Workshop (3 Days)**  
Empower your Scrum Masters with the knowledge and skills needed to continuously accelerate improvements. Over 3 immersive days, we delve into advanced Scrum practices, servant leadership, effective coaching techniques, and fostering a culture of collaboration and growth.
- **On-Site Advisory (5 Days)**  
We believe in hands-on guidance. Our experts will be on-site for 5 days, working side by side with your Scrum Masters to address challenges, facilitate improvement, and provide personalized coaching to elevate their impact.
- **Ongoing Support and Q&A (1 Day)**  
Learning doesn't end with the engagement. We reserve a day to ensure your Scrum Masters have continued access to our support. Whether they seek advice, face unexpected challenges, or need guidance, we remain committed to their growth even after the engagement concludes.
